MODERATOR All right. The one last area I want to get into with you in this debate is the fact that the biggest driver of our debt is entitlements, which is 60 percent of all federal spending. Now, the Committee for federal— a Responsible Federal Budget has looked at both of your plans and they say neither of you has a serious plan that is going to solve the fact that Medicares going to run out of money in the 2020s, Social Security is going to run out of money in the 2030s, and at that time, recipients are going to take huge cuts in their benefits. So, in effect, the final question I want to ask you in this regard is— and let me start with you, Mr. Trump, would President Trump make a deal to save Medicare and Social Security that included both tax increases and benefit cuts, in effect, a grand bargain on entitlements?

DONALD TRUMP Im cutting taxes. Were going to grow the economy. Its going to grow at a record rate of growth.

MODERATOR Thats not going to help in the entitlements.
