AL GORE Look, Governor Bush, you have attacked my character and credibility and I am not going to respond in kind. I think we ought to focus on the problems and not attack each other. One of the serious problems, hear me well, is that our system of government is being undermined by too much influence coming from special interest money. We have to get a handle on it. And like John McCain, I have learned from experience, and its not a new position for me. 24 years ago I supported full public financing of all federal elections. And anybody who thinks Im just saying it, it will be the first bill I send to the Congress. I want you to know I care passionately about this and I will fight until it becomes law.

GEORGE W. BUSH I want people to hear what he just said. He is for full public financing of Congressional elections. Im absolutely, adamantly opposed to that. I dont want the government financing congressional elections.
