DONALD TRUMP And yet she didnt know the word— the letter C on a document. Right? She didnt even know what that word— what that letter meant. You know, its amazing. Im watching Hillary go over facts. And shes going after fact after fact, and shes lying again, because she said she— you know, what she did with the e- mails was fine. You think it was fine to delete 33, 000 e- mails? I dont think so. She said the 33, 000 e- mails had to do with her daughters wedding, number one, and a yoga class. Well, maybe well give three or three or four or five or something. 33, 000 e- mails deleted, and now shes saying there wasnt anything wrong. And more importantly, that was after getting a subpoena. That wasnt before. That was after. She got it from the United States Congress. And Ill be honest, I am so disappointed in congressmen, including Republicans, for allowing this to happen. Our Justice Department, where her husband goes onto the back of an airplane for 39 minutes, talks to the attorney general days before a ruling is going to be made on her case. But for you to say that there was nothing wrong with you deleting 39, 000 e- mails, again, you should be ashamed of yourself. What you did— and this is after getting a subpoena from the United States Congress.

MODERATOR We have to move on.

DONALD TRUMP You did that. Wait a minute. One second.

MODERATOR Secretary Clinton, you can respond, and then weve got to move on. We want to give the audience a chance.

DONALD TRUMP If you did that in the private sector, youd be put in jail, let alone after getting a subpoena from the United States Congress.

MODERATOR Secretary Clinton, you can respond. Then we have to move on to an audience question.

HILLARY CLINTON Look, its just not true. And so please, go to. . .

DONALD TRUMP Oh, you didnt delete them?

MODERATOR Allow her to respond, please.

HILLARY CLINTON It was personal e- mails, not official.

DONALD TRUMP Oh, 33, 000? Yeah.

HILLARY CLINTON Not— well, we turned over 35, 000, so. . .

DONALD TRUMP Oh, yeah. What about the other 15, 000?

MODERATOR Please allow her to respond. She didnt talk while you talked.

HILLARY CLINTON Yes, thats true, I didnt.

DONALD TRUMP Because you have nothing to say.

HILLARY CLINTON I didnt in the first debate, and Im going to try not to in this debate, because Id like to get to the questions that the people have brought here tonight to talk to us about.

DONALD TRUMP And get off this question.

HILLARY CLINTON ok, Donald. I know youre into big diversion tonight, anything to avoid talking about your campaign and the way its exploding and the way Republicans are leaving you. But lets at least focus...

DONALD TRUMP Lets see what happens... [crosstalk]

MODERATOR Allow her to respond.

HILLARY CLINTON ... on some of the issues that people care about tonight. Lets get to their questions.

MODERATOR We have a question here from Ken Karpowicz. He has a question about health care. Ken?

DONALD TRUMP Id like to know, Anderson, why arent you bringing up the e- mails? Id like to know. Why arent you bringing...

MODERATOR We brought up the e- mails.

DONALD TRUMP No, it hasnt. It hasnt. And it hasnt been finished at all.

MODERATOR Ken Karpowicz has a question.

DONALD TRUMP Its nice to— one on three.
