HILLARY CLINTON Well, first, let me say, number one, when I saw the final agreement for TPP, I said I was against it. It didnt meet my test. Ive had the same test. Does it create jobs, raise incomes, and further our national security? Im against it now. Ill be against it after the election. Ill be against it when Im president. Theres only one of us on this stage whos actually shipped jobs to Mexico, because thats Donald. Hes shipped jobs to 12 countries, including Mexico. But he mentioned China. And, you know, one of the biggest problems we have with China is the illegal dumping of steel and aluminum into our markets. I have fought against that as a senator. Ive stood up against it as secretary of state. Donald has bought Chinese steel and aluminum. In fact, the Trump Hotel right here in Las Vegas was made with Chinese steel. So he goes around with crocodile tears about how terrible it is, but he has given jobs to Chinese steelworkers, not American steelworkers.

MODERATOR Mr. Trump?

HILLARY CLINTON Thats the kind of approach that is just not going to work.

DONALD TRUMP Well, let me just say— let me just say.

HILLARY CLINTON Were going to pull the country together. Were going to have trade agreements that we enforce. Thats why Im going to have a trade prosecutor for the first time in history. And were going to enforce those agreements, and were going to look for businesses to help us by buying American products.

MODERATOR Secretary Clinton? Go ahead, Mr. Trump.

DONALD TRUMP I ask a simple question. Shes been doing this for 30 years. Why the hell didnt you do it over the last 15, 20 years?

HILLARY CLINTON No, I voted.
