DONALD TRUMP I think I should respond to that. First of all, I had a very good meeting with the president of Mexico. Very nice man. We will be doing very much better with Mexico on trade deals. Believe me. The NAFTA deal signed by her husband is one of the worst deals ever made of any kind, signed by anybody. Its a disaster. Hillary Clinton wanted the wall. Hillary Clinton fought for the wall in 2006 or thereabouts. Now, she never gets anything done, so naturally the wall wasnt built. But Hillary Clinton wanted the wall.

MODERATOR Well, let me— wait, wait, sir, let me...

DONALD TRUMP We are a country of laws. We either have— and by the way...

MODERATOR Now, wait. Id like to hear from...

DONALD TRUMP Well— well, but she said one thing.

MODERATOR Id like to hear— Id like to hear from Secretary Clinton.

HILLARY CLINTON I voted for border security, and there are...

DONALD TRUMP And the wall.

HILLARY CLINTON There are some limited places where that was appropriate. There also is necessarily going to be new technology and how best to deploy that. But it is clear, when you look at what Donald has been proposing, he started his campaign bashing immigrants, calling Mexican immigrants rapists and criminals and drug dealers, that he has a very different view about what we should do to deal with immigrants. Now, what I am also arguing is that bringing undocumented immigrants out from the shadows, putting them into the formal economy will be good, because then employers cant exploit them and undercut Americans wages. And Donald knows a lot about this. He used undocumented labor to build the Trump Tower. He underpaid undocumented workers, and when they complained, he basically said what a lot of employers do; “You complain, Ill get you deported.” I want to get everybody out of the shadows, get the economy working, and not let employers like Donald exploit undocumented workers, which hurts them, but also hurts American workers.

MODERATOR Mr. Trump?

DONALD TRUMP President Obama has moved millions of people out. Nobody knows about it, nobody talks about it. But under Obama, millions of people have been moved out of this country. Theyve been deported. She doesnt want to say that, but thats whats happened, and thats what happened big league. As far as moving these people out and moving— we either have a country or we dont. Were a country of laws. We either have a border or we dont. Now, you can come back in and you can become a citizen. But its very unfair. We have millions of people that did it the right way. Theyre on line. Theyre waiting. Were going to speed up the process, big league, because its very inefficient. But

theyre on line and theyre waiting to become citizens. Very unfair that somebody runs across the border, becomes a citizen, under her plan, you have open borders. You would have a disaster on trade, and you will have a disaster with your open borders.

MODERATOR I want to...

DONALD TRUMP But what she doesnt say is that President Obama has deported millions and millions of people just the way it is.

MODERATOR Secretary Clinton, I want to...

HILLARY CLINTON We will not have open borders. That is...

MODERATOR Well, let me— Secretary...

HILLARY CLINTON That is a rank mischaracterization.

MODERATOR Secretary Clinton...

HILLARY CLINTON We will have secure borders, but well also have reform. And this used to be a bipartisan issue. Ronald Reagan was the last president...

MODERATOR Secretary Clinton, excuse me. Secretary Clinton.

HILLARY CLINTON ... to sign immigration reform, and George W. Bush supported it, as well.

MODERATOR Secretary Clinton, I want to clear up your position on this issue, because in a speech you gave to a Brazilian bank, for which you were paid \$225, 000, weve learned from the WikiLeaks, that you said this, and I want to quote. “My dream is a hemispheric common market with open trade and open borders.” So thats the question...

DONALD TRUMP Thank you.

MODERATOR Thats the question. Please quiet, everybody. Is that your dream, open borders?

HILLARY CLINTON Well, if you went on to read the rest of the sentence, I was talking about energy. You know, we trade more energy with our neighbors than we trade with the rest of the world combined. And I do want us to have an electric grid, an energy system that crosses borders. I think that would be a great benefit to us. But you are very clearly quoting from WikiLeaks. And whats really important about WikiLeaks is that the Russian government has engaged in espionage against Americans. They have hacked American websites, American accounts of private people, of institutions. Then they have given that information to WikiLeaks for the purpose of putting it on the Internet. This has come from the highest levels of the Russian government, clearly, from Putin himself, in an effort, as 17 of our intelligence agencies have confirmed, to influence our election. So I actually think the most important question of this evening, Chris, is, finally, will Donald Trump admit and condemn that the Russians are doing this and make it clear that he will not have the help of Putin in this election, that he rejects Russian espionage against Americans, which he actually encouraged in the past. Those are the questions we need answered. Weve never had anything like this happen in any of our elections before.

MODERATOR Well?

DONALD TRUMP That was a great pivot off the fact that she wants open borders, ok? How did we get on to Putin?

MODERATOR Hold on— hold on, wait. Hold on, folks. Because we— this is going to end up getting out of control. Lets try to keep it quiet so— for the candidates and for the American people.

DONALD TRUMP So just to finish on the borders...

MODERATOR Yes?

DONALD TRUMP She wants open borders. People are going to pour into our country. People are going to come in from Syria. She wants 550 percent more people than Barack Obama, and he has thousands and thousands of people. They have no idea where they come from. And you see, we are going to stop radical Islamic terrorism in this country. She wont even mention the words, and neither will President Obama. So I just want to tell you, she wants open borders. Now we can talk about Putin. I dont know Putin. He said nice things about me. If we got along well, that would be good. If Russia and the United States got along well and went after ISIS, that would be good. He has no respect for her. He has no respect for our president. And Ill tell you what; Were in very serious trouble, because we have a country with tremendous numbers of nuclear warheads— 1, 800, by the way— where they expanded and we didnt, 1, 800 nuclear warheads. And shes playing chicken. Look, Putin...

MODERATOR Wait, but...

DONALD TRUMP ... from everything I see, has no respect for this person.

HILLARY CLINTON Well, thats because hed rather have a puppet as president of the United States.

DONALD TRUMP No puppet. No puppet.

HILLARY CLINTON And its pretty clear...

DONALD TRUMP Youre the puppet!

HILLARY CLINTON Its pretty clear you wont admit...

DONALD TRUMP No, youre the puppet.

HILLARY CLINTON ... that the Russians have engaged in cyberattacks against the United States of America, that you encouraged espionage against our people, that you are willing to spout the Putin line, sign up for his wish list, break up NATO, do whatever he wants to do, and that you continue to get help from him, because he has a very clear favorite in this race. So I think that this is such an unprecedented situation. Weve never had a foreign government trying to interfere in our election. We have 17— 17 intelligence agencies, civilian and military, who have all concluded that these espionage attacks, these cyberattacks, come from the highest levels of the Kremlin and they are designed to influence our election. I find that deeply disturbing.

MODERATOR Secretary Clinton...

HILLARY CLINTON And I think its time you take a stand...

DONALD TRUMP She has no idea whether its Russia, China, or anybody else.

HILLARY CLINTON I am not quoting myself.

DONALD TRUMP She has no idea.

HILLARY CLINTON I am quoting 17...

DONALD TRUMP Hillary, you have no idea.

HILLARY CLINTON ... 17 intelligence— do you doubt 17 military and civilian...

DONALD TRUMP And our country has no idea.

HILLARY CLINTON ... agencies.

DONALD TRUMP Yeah, I doubt it. I doubt it.

HILLARY CLINTON Well, hed rather believe Vladimir Putin than the military and civilian intelligence professionals who are sworn to protect us. I find that just absolutely... [crosstalk]

DONALD TRUMP She doesnt like Putin because Putin has outsmarted her at every step of the way.

MODERATOR Mr. Trump...

DONALD TRUMP Excuse me. Putin has outsmarted her in Syria.

MODERATOR Mr. Trump... [crosstalk]

DONALD TRUMP Hes outsmarted her every step of the way.

MODERATOR Im not a potted plant here, I do get to ask some questions.

DONALD TRUMP Yes, thats fine.

MODERATOR And I would like to ask you this direct question. The top national security officials of this country do believe that Russia has been behind these hacks. Even if you dont know for sure whether they are, do you condemn any interference by Russia in the American election?

DONALD TRUMP By Russia or anybody else.

MODERATOR You condemn their interference?

DONALD TRUMP Of course I condemn. Of course I— I dont know Putin. I have no idea.

MODERATOR Im not asking— Im asking do you condemn?

DONALD TRUMP I never met Putin. This is not my best friend. But if the United States got along with Russia, wouldnt be so bad. Let me tell you, Putin has outsmarted her and Obama at every single step of the way. Whether its Syria, you name it. Missiles. Take a look at the “startup” that they signed. The Russians have said, according to many, many reports, I cant believe they allowed us to do this. They create warheads, and we cant. The Russians cant believe it. She has been outsmarted by Putin. And all you have to do is look at the Middle East. Theyve taken over. Weve spent \$6 trillion. Theyve taken over the Middle East. She has been outsmarted and outplayed worse than anybody Ive ever seen in any government whatsoever.
