---

JOHN KERRY Once again, the president is misleading America. Ive actually passed 56 individual bills that Ive personally written and, in addition to that, and not always under my name, there is amendments on certain bills. But more importantly, with respect to the question of no record, I helped write — I did write, I was one of the original authors of the early childhood health care and the expansion of health care that we did in the middle of the 1990s. And Im very proud of that. So the presidents wrong.

MODERATOR Let me direct the next question to you, Senator Kerry, and again, lets stay on health care. You have, as you have proposed and as the president has commented on tonight, proposed a massive plan to extend health- care coverage to children. Youre also talking about the government picking up a big part of the catastrophic bills that people get at the hospital. And you have said that you can pay for this by rolling back the presidents tax cut on the upper 2 percent. You heard the president say earlier tonight that its going to cost a whole lot more money than that. Id just ask you, where are you going to get the money?
