JOHN KERRY I have never suggested a test where we turn over our security to any nation. In fact, Ive said the opposite; I will never turn the security of the United States over to any nation. No nation will ever have a veto over us. But I think it makes sense, I think most Americans in their guts know, that we ought to pass a sort of truth standard. Thats how you gain legitimacy with your own countrypeople, and thats how you gain legitimacy in the world. But Ill never fail to protect the United States of America.
