BILL CLINTON Good for you. Let me say, if Senator Dole mentioned this, I just signed a bill that we got through Congress to increase the amount of pay increase we could give for military personnel and to make sure the pay increase this year was above the rate of inflation. I also presented to the Congress and they adopted a large package of quality-of-life improvements, which are very important. I spent a lot of time talking to military families as well as military members all over the world and in bases all across the United States, and I became convinced after talking to the families and the personnel in uniform that we needed to not only have the pay raise but we needed to invest more in child care, housing, and other things to support families, especially when there are longer deployments because of the downsizing of the military. So I, were going to do better, and well do better still, but this is a commitment I think that all Americans share without regard to party.
