DONALD TRUMP Typical politician. All talk, no action. Sounds good, doesnt work. Never going to happen. Our country is suffering because people like Secretary Clinton have made such bad decisions in terms of our jobs and in terms of whats going on. Now, look, we have the worst revival of an economy since the Great Depression. And believe me; Were in a bubble right now. And the only thing that looks good is the stock market, but if you raise interest rates even a little bit, thats going to come crashing down. We are in a big, fat, ugly bubble. And we better be awfully careful. And we have a Fed thats doing political things. This Janet Yellen of the Fed. The Fed is doing political— by keeping the interest rates at this level. And believe me; The day Obama goes off, and he leaves, and goes out to the golf course for the rest of his life to play golf, when they raise interest rates, youre going to see some very bad things happen, because the Fed is not doing their job. The Fed is being more political than Secretary Clinton.

MODERATOR Mr. Trump, were talking about the burden that Americans have to pay, yet you have not released your tax returns. And the reason nominees have released their returns for decades is so that voters will know if their potential president owes money to— who he owes it to and any business conflicts. Dont Americans have a right to know if there are any conflicts of interest?

DONALD TRUMP I dont mind releasing— Im under a routine audit. And itll be released. And— as soon as the audits finished, it will be released. But you will learn more about Donald Trump by going down to the federal elections, where I filed a 104- page essentially financial statement of sorts, the forms that they have. It shows income— in fact, the income— I just looked today— the income is filed at \$694 million for this past year, \$694 million. If you would have told me I was going to make that 15 or 20 years ago, I would have been very surprised. But thats the kind of thinking that our country needs. When we have a country thats doing so badly, thats being ripped off by every single country in the world, its the kind of thinking that our country needs, because everybody— Lester, we have a trade deficit with all of the countries that we do business with, of almost \$800 billion a year. You know what that is? That means, whos negotiating these trade deals? We have people that are political hacks negotiating our trade deals.

MODERATOR The IRS says an audit...

DONALD TRUMP Excuse me.

MODERATOR ... of your taxes— youre perfectly free to release your taxes during an audit. And so the question, does the publics right to know outweigh your personal...

DONALD TRUMP Well, I told you, I will release them as soon as the audit. Look, Ive been under audit almost for 15 years. I know a lot of wealthy people that have never been audited. I said, do you get audited? I get audited almost every year. And in a way, I should

be complaining. Im not even complaining. I dont mind it. Its almost become a way of life. I get audited by the IRS. But other people dont. I will say this. We have a situation in this country that has to be taken care of. I will release my tax returns— against my lawyers wishes— when she releases her 33, 000 e- mails that have been deleted. As soon as she releases them, I will release. [applause] I will release my tax returns. And thats against— my lawyers, they say, “Dont do it.” I will tell you this. No— in fact, watching shows, theyre reading the papers. Almost every lawyer says, you dont release your returns until the audits complete. When the audits complete, Ill do it. But I would go against them if she releases her e- mails.

MODERATOR So its negotiable?

DONALD TRUMP Its not negotiable, no. Let her release the e- mails. Why did she delete 33, 000...

MODERATOR Well, Ill let her answer that. But let me just admonish the audience one more time. There was an agreement. We did ask you to be silent, so it would be helpful for us. Secretary Clinton?
