BOB DOLE Well again, if youre somebody thinking about the future, I think its fair to say that itll be — well work it out. This is a political year, and the President is playing politics with Medicare. After this year is over, well resolve it just as we did with Social Security in ‘83. Its a nonpartisan commission. Ronald Reagan got together with Tip O’Neill and Howard Baker, two Republicans and one Democrat. They appointed a commission I was on that commission. We resolved, we rescued Social Security. We suggested — I think it has been over a year ago now — we do the same with Medicare, and the White House called it a gimmick. Now last week I guess it was Donna Shalala said well well cut Medicare a hundred billion and appoint a commission. It will probably have to be done by a commission. Take it out of politics. I think if I were a senior citizen I would be a little fed up with all these ads scaring seniors, scaring veterans and scaring students about education. When you dont have any ideas, you dont have any agenda, and all you have is fear, thats all you can use. We have ideas in the Dole- Kemp campaign and we will rescue Medicare as we did Social Security.
