- **American Red Cross**

Since its founding in 1881 by visionary leader Clara Barton, the American Red Cross has been the nation's premier emergency response organization. We bring shelter, food and comfort to those affected by disasters, large and small. We collect lifesaving donated blood and supply it to patients in need. We provide support to our men and women in military bases around the world, and to the families they leave behind. We train communities in CPR, first aid and other skills that save lives. And we assist our neighbors abroad with critical disaster response, preparedness and disease prevention efforts. We are able to do all this by mobilizing the power of volunteers and the generosity of donors.

- **ALSAC - St. Jude Children's Research Hospital**

ALSAC (American Lebanese Syrian Associated Charities) was founded in 1957 and exists for the sole purpose of raising funds to support the operating and maintenance of St. Jude Children's Research Hospital. The mission of St. Jude Children's Research Hospital is to find cures for children with cancer and other catastrophic diseases through research and treatment. It is supported primarily by donations raised by ALSAC. Research efforts are directed at understanding the molecular, genetic and chemical bases of catastrophic diseases in children; identifying cures for such diseases; and promoting their prevention. Research is focused specifically on cancers, some acquired and inherited immunodeficiencies, sickle cell disease, infectious diseases and genetic disorders.

- **Doctors Without Borders, USA**

Doctors Without Borders, USA (DWB-USA) was founded in 1990 in New York City to raise funds, create awareness, recruit field staff, and advocate with the United Nations and US government on humanitarian concerns. Doctors Without Borders/Médecins Sans Frontières (MSF) is an international medical humanitarian organization that provides aid in nearly 60 countries to people whose survival is threatened by violence, neglect, or catastrophe, primarily due to armed conflict, epidemics, malnutrition, exclusion from health care, or natural disasters.

- **UNICEF USA**

The United Nations Children's Fund (UNICEF) works in more than 190 countries and territories to put children first. UNICEF has helped save more children's lives than any other humanitarian organization, by providing health care and immunizations, clean water and sanitation, nutrition, education, emergency relief and more. UNICEF USA supports UNICEF's work through fundraising, advocacy and education in the United States. Together, we are working toward the day when no children die from preventable causes and every child has a safe and healthy childhood.

- **American Heart Association**

The American Heart Association is the nation's oldest and largest voluntary organization dedicated to fighting heart disease and stroke. To improve the lives of all Americans, we provide public health education in a variety of ways. We're the nation's leader in CPR education training. We help people understand the importance of healthy lifestyle choices. We provide science-based treatment guidelines to healthcare professionals to help them provide quality care to their patients. We educate lawmakers, policymakers and the public as we advocate for changes to protect and improve the health of our communities. We have funded more than \$3.8 billion in heart disease and stroke research, more than any organization outside the federal government. With your help, we are working toward improving the cardiovascular health of all Americans by 20 percent, and reducing deaths from cardiovascular diseases and stroke by 20 percent, all by the year 2020.
