BARACK OBAMA Well, weve gone through a tough four years. Theres no doubt about it. But four years ago, I told the American people and I told you I would cut taxes for middle class families. And I did. I told you Id cut taxes for small businesses, and I have. I said that Id end the war in Iraq, and I did. I said wed refocus attention on those who actually attacked us on 9/11, and we have gone after Al Qaedas leadership like never before and Osama bin Laden is dead. I said that we would put in place health care reform to make sure that insurance companies cant jerk you around and if you dont have health insurance, that youd have a chance to get affordable insurance, and I have. I committed that I would rein in the excesses of Wall Street, and we passed the toughest Wall Street reforms since the 1930s. Weve created five million jobs, and gone from 800 jobs a month being lost, and we are making progress. We saved an auto industry that was on the brink of collapse. Now, does that mean youre not struggling? Absolutely not. A lot of us are. And thats why the plan that Ive put forward for manufacturing and education, and reducing our deficit in a sensible way, using the savings from ending wars, to rebuild America and putting people back to work. Making sure that we are controlling our own energy, but not only the energy of today, but also the energy of the future. All of those things will make a difference, so the point is the commitments Ive made, Ive kept. And those that I havent been able to keep, its not for lack of trying and were going to get it done in a second term. But, you should pay attention to this campaign, because Governor Romney has made some commitments as well. And I suspect hell keep those too. You know when members of the Republican Congress say, “Were going to sign a no tax pledge, so that we dont ask a dime for millionaires and billionaires to reduce our deficit so we can still invest in education, and helping kids go to college. He said, “Me too.” When they said, “Were going to cut Planned Parenthood funding.” He said, “Me too.” When he said, “Were going to repeal Obamacare. First thing Im going to do,” despite the fact that its the same health care plan that he passed in Massachusetts and is working well. He said, “Me too.” That is not the kind of leadership that you need, but you should expect that those are promises hes going to keep. (CROSSTALK)
