DONALD TRUMP Well, first of all, before I start on my plan, her plan is going to raise taxes and even double your taxes. Her tax plan is a disaster. And she can say all she wants about college tuition. And Im a big proponent. Were going to do a lot of things for college tuition. But the rest of the publics going to be paying for it. We will have a massive, massive tax increase under Hillary Clintons plan. But Id like to start off where we left, because when I said Japan and Germany, and Im— not to single them out, but South Korea, these are very rich, powerful countries. Saudi Arabia, nothing but money. We protect Saudi Arabia. Why arent they paying? She immediately— when she heard this, I questioned it, and I questioned NATO. Why arent the NATO questioned— why arent they paying? Because they werent paying. Since I did this— this was a year ago— all of a sudden, theyre paying. And Ive been given a lot— a lot of credit for it. All of a sudden, theyre starting to pay up. They have to pay up. Were protecting people, they have to pay up. And Im a big fan of NATO. But they have to pay up. She comes out and said, we love our allies, we think our allies are great. Well, its awfully hard to get them to pay up when you have somebody saying we think how great they are. We have to tell Japan in a very nice way, we have to tell Germany, all of these countries, South Korea, we have to say, you have to help us out. We have, during his regime, during President Obamas regime, weve doubled our national debt. Were up to \$20 trillion. So my plan— were going to renegotiate trade deals. Were going to have a lot of free trade. Were going to have free trade, more free trade than we have right now. But we have horrible deals. Our jobs are being taken out by the deal that her husband signed, NAFTA, one of the worst deals ever. Our jobs are being sucked out of our economy. You look at all of the places that I just left, you go to Pennsylvania, you go to Ohio, you go to Florida, you go to any of them. You go upstate New York. Our jobs have fled to Mexico and other places. Were bringing our jobs back. I am going to renegotiate NAFTA. And if I cant make a great deal— then were going to terminate NAFTA and were going to create new deals. Were going to have trade, but were going— were going to terminate it, were going to make a great trade deal. And if we cant, were going to do it— were going to go a separate way, because it has been a disaster. We are going to cut taxes massively. Were going to cut business taxes massively. Theyre going to start hiring people. Were going to bring the \$2.5 trillion...

MODERATOR Time, Mr. Trump.

DONALD TRUMP ... thats offshore back into the country. We are going to start the engine rolling again, because...
