BUSH: I think it's important, since he talked about the Medicare plan, has he been in the United States Senate for 20 years? He has no record on reforming of health care. No record at all. He introduced some 300 bills and he's passed five. No record of leadership. I came to Washington to solve problems. I was deeply concerned about seniors having to choose between prescription drugs and food. And so I led. And in 2006, our seniors will get a prescription drug coverage in Medicare.

SCHIEFFER: Senator Kerry? Thirty seconds.

KERRY: Once again, the president is misleading America. I've actually passed 56 individual bills that I've personally written and, in addition to that, and not always under my name, there is amendments on certain bills. But more importantly, with respect to the question of no record, I helped write – I did write, I was one of the original authors of the early childhood health care and the expansion of health care that we did in the middle of the 1990s. And I'm very proud of that. So the president's wrong.
